My dream is to be a cook.

When I was a small child, I didn't like beans. My mother wanted me to eat everything, so she tried to cook beans in many ways for me. One day she got a good idea. She thought I would eat beans if she put them in my favorite food, sandwiches. She cooked the beans, made them soft and put them in sandwiches. They were really delicious, so I ate all of them. Then my mother said, "Did you know I put beans in the sandwiches?" I was very surprised to hear that. I ate beans! I was really happy about this. After that day, I always helped my mother in the kitchen.

Now I can cook many kinds of food and sometimes cook dinner for my family.

Last month, my mother had her birthday. I wanted to cook something special for her. I read a book and found a good idea.

It was a meat pie, and beans were used in it. Then I remembered my mother's delicious bean sandwiches. So I decided to use beans and make a meat pie. Like my mother, I cooked the beans and made them soft. Then I put them in the pie.

At my mother's birthday dinner, I cut the special pie for her. When I gave her a piece of pie, she was surprised and said, "Oh, thank you Keita. You used beans for this pie. When you were small, you didn't like beans." She ate the pie and smiled. My special pie made my mother happy. We had a wonderful dinner.

入試ではリスニング・リーディング合わせて10点程度を占めているのが、内容一致問題です。特に長文の内容一致では、「本文を全部読む→1つ1つチェック」とすると、細かい部分が合っているかで間違えてしまうことでしょう。

そのため、原則として「内容を細かく覚えられる分だけ読んだらチェック」とするとよいです。私の場合は、1段落読んだらチェック、というようにやっています。

入試本番は時間との戦いにもなってきます。速く、正確に解くための戦術も確立していきましょう！
